Dear _____

Do you feel called to serve others? Are you looking for a new way of life? Would you like to gain experience with an international NGO? Volunteer with Jesuit Missions and make a difference to the lives of some of the world's most marginalised communities!

At Jesuit Missions we believe that young people today can be a real force for good and a force for change. Our volunteer programme is about inspiring young people to take action and to join our work to create a more just world. Volunteers spend between one and six months overseas where they get involved in a wide range of projects such as teaching in a school or working with refugees. This experience has the power to transform young people who will then become advocates for social justice in their own communities and beyond. It also helps them to deepen their understanding of how their faith can have a positive impact in different areas of life.

We offer placements in Africa and Asia that vary from one to six months. Current placements include:

Short term:

- **South Africa** (3 months): Volunteers will spend three months alongside local volunteers working with refugees. Departure: June
- **Kyrgyzstan** (4 weeks): You will be working as a team with local Jesuits to deliver holiday camps for children and young people. Departure: August

Long term:

- **India or Tanzania** (6 months): You will be working at a Jesuit school and will be involved in school, parish and community life. Departure: September/October

If you are interested in volunteering with Jesuit Missions or would like to find more about these opportunities, please visit www.jesuitmissions.org.uk or email volunteering@jesuitmissions.org.uk.

Best wishes,
